**The METAL FINISHING ASSOCIATION OF SOUTHERN CALIFORNIA, INC.
Is Proud To Announce The Availability Of**

“DRAG-OUT REDUCTION, YOU HOLD THE KEY”

Drag-out Reduction Training Video

In English and Spanish, On The Same Video!

Drag-out reduction is the first step to pollution prevention in metal finishing facilities. It can save money while reducing pollution by reducing chemical costs for both processing and treatment.

This video is available to MFASC members for only \$10.00; which covers reproduction, shipping and handling - Non-members \$15.00.

This excellent training tool was produced by the Merit Partnership Pollution Prevention Program consisting of Metal Finishing Association of Southern California, Inc., United States Environmental Protection Agency, Region IX, and California Manufacturing Technology Consulting (CMTc).
